

# Cheese of the Week

## NEAL'S YARD COLSTON BASSETT STILTON

One of the most traditional Stilton's around, this one is made by hand-ladling the curd before draining. This treats the curd gently and preserves its structure resulting in a luscious, creamy texture when the cheese matures. The flavor is rich with a mineral tang - strong and full without being sharp or overpowering: mellow, fruity, deep and savory.

**\$14.66 lb**
